

BHUSHAN KUMBHAR

CLOUD ENGINEER

bhushan.kumbhar20@gmail.com | 8010965015 | Pune, Maharashtra, India | Portfolio | Github | LinkedIn

PROFESSIONAL SUMMARY

MCA Cloud Computing student with hands-on experience in AWS, GCP, Docker, and full-stack development. Skilled in building scalable cloud-integrated applications using Python, Django, Flutter, and Supabase. Experienced in cloud infrastructure setup, deployment workflows, REST APIs, virtualization, and modern application development with strong problem-solving abilities.

EDUCATION

Master of Computer Application (MCA) – Cloud Computing – 8.65 CGPA

Ajeenkya DY Patil University, Pune | 2025 – 2027

Bachelor of Business Administration in Computer Application (BBA – CA) – 8.77 CGPA

Mes Garware College of Commerce, Pune | 2022 – 2025

EXPERIENCE

Web Development Intern

Oasis Infobyte (AICTE), Bharat Intern, Prodigy InfoTech – 2024

- Worked on responsive web applications, landing pages, UI development, and mini web projects
- Gained hands-on experience in real-world development workflows
- Awarded Star Performer during AICTE Oasis Infobyte Internship

Social Media Management Intern

Mes Garware College of Commerce, Pune – 2023–25

- Assisted in content planning and social media activities
- Contributed to audience engagement and digital outreach
- Supported promotional and branding initiatives

TECHNICAL SKILLS

Cloud Platforms – AWS (EC2, S3, IAM, VPC, Security Groups), GCP (Compute Engine, Cloud Storage), Microsoft Azure Fundamentals, Docker

Programming & Development – Python, Django, HTML5, CSS3, JavaScript, Bootstrap, Flutter, Dart

Databases – MySQL, SQLite, Supabase (PostgreSQL)

Operating Systems – Windows, Linux (Kali Linux, Ubuntu)

Version Control – Git, Github

Tools – VS Code, Android Studio, Figma, Canva, Termius

Core Concepts – Cloud Computing, Virtualization, Networking Fundamentals, REST APIs, Scalable Systems, Deployment Concepts, Cloud Infrastructure Management

PROJECTS

CloudPulse AI | Tech Stack: AWS, GCP, Docker, Python

- Developed a cloud-integrated AI system with scalable architecture
- Worked with cloud deployment and processing workflows

Automated S3 Backup & Restore System using AWS CLI | Tech Stack: AWS S3, AWS CLI, Linux, Shell Commands

- Built an automated backup and restore workflow using AWS CLI
- Managed cloud storage operations and file recovery processes using Amazon S3

ChatNova – Messaging App | Tech Stack: Flutter, Supabase, PostgreSQL

- Developed a real-time messaging app with group chat and media sharing
- Implemented authentication and scalable backend integration

FlavorVault – Recipe Management System | Tech Stack: Django, Python, MySQL

- Built a recipe management and ingredient ordering platform
- Implemented cart, checkout, and order management features

CERTIFICATIONS

- AWS Cloud Practitioner Essentials – AWS Skill Builder
- Azure Fundamentals (AZ-900) – Microsoft Learn in collaboration with FICE
- Tata – Cybersecurity Analyst Job Simulation – Forage
- Deloitte Australia Cyber Job Simulation – Forage
- AICTE Oasis Infobyte Internship Completion Certificate
- AICTE Oasis Infobyte Star Performer Certificate
- Bharat Intern Web Development Internship Certificate
